

INTERNATIONAL 9/18-9/19

FASTENER EXPO

2019

Taiwan Pavilion

Taiwan Agent

FASTENER
— WORLD —

“Registration Now Open for International Fastener Expo 2019”

Registration is now open at www.fastenershows.com for the International Fastener Expo (IFE) 2019, the largest and most established business-to-business tradeshow of every type of fastener, machinery and tooling, and industrial-related products in North America. IFE 2019 will take place on Sept. 17-19 at the Mandalay Bay Convention Center, Bayside D & E, in Las Vegas, Nevada.

Every year, IFE brings together 5,000 attendees and 850 exhibiting companies from the entire supply chain, including manufacturers, master distributors, distributors, and OEMs. VIP attendees at IFE are consistently included in Industrial Distribution's Big 50 List and exhibitors are among the top international and domestic manufacturers, material suppliers, tooling and machinery providers and ancillary services.

This year, India has been selected as IFE's Global Spotlight Country. Debuted in 2018, participating exhibitors of the selected country have the opportunity to display their products within the Global Spotlight-designated area on the show floor.

IFE 2019 plans to again host a robust conference schedule with highlights on technology, leadership and business management, and tariffs. The Fastener Training Institute is expected to return with the Fastener Technology Workshop, presented by Bengt Blendulf, EduPro US, Inc., on questions typically from engineers and technicians, including product standards and materials, heat treatment, quality issues and more.

INTERNATIONAL FASTENER EXPO

Darryl Rowinski, president, Business Credit Management Association, will come back to lead the Controllers, Accounting, Credit & Accounts Receivable Managers Meeting, a roundtable discussion with primarily financial managers on maximizing cash flow, providing effective financial services, and other critical business topics.

“In addition, our attendees at IFE can always expect to be kept in the know on everything happening in import and export law, tariffs, trade regulations and the like,” said Karalynn Sprouse, executive vice president, Emerald Expositions. “Last year, we secured Vanessa Sciarra, vice president for legal affairs and trade and investment policy at the National Foreign Trade Council. In keeping with tradition, we have secured another expert strategist to provide the most current and timely information on regulations that directly affect the fastener industry and beyond.”

New for IFE 2019 is “Preview Hours” on Wednesday, Sept. 17. Opening from 8 a.m. to 10 a.m., attendees and U.S. suppliers will have the opportunity to meet with manufacturers in Machinery and Tooling and international exhibitors in SourceGlobal in Exhibit Hall E. The Exhibit Hall D will open at 10 a.m. to 4 p.m. and resume normal show hours on Thursday from 9 a.m. to 4 p.m.

Attendees are encouraged to register early to take advantage of early-bird pricing at only \$50. Pricing will increase to \$75 after June 30, and the on-site fee will be \$85.

To register, visit <https://www.fastenershows.com/attendees/register-to-attend/>. For more information on IFE, visit www.fastenershows.com.
