土耳其伊斯坦堡螺絲展

德國科隆五金展

印度新德里螺絲展

墨西哥瓜達拉哈拉螺絲展

compiled by Fastener World

Here's a roundup of featured exhibitors to be exhibiting at the upcoming featured shows.

Fastener Fair Turkey March 01-03, 2018

Fastener Fair Turkey, the leading trade fair within the fastener and fixings industry, will be gathering industry experts together in Turkey for this dedicated event. This fourth edition will for the first time host the entire sector over three days including Saturday.

Join the industry on 1- 3 March 2018 to welcome many relevant and active buyers, wholesalers/resellers and distributors in sectors such as: automotive, furniture manufacturing, energy and power generation, marine, leisure and commercial, construction and civil engineering, communications technology, general engineering, sanitary ware and plumbing, electronic and electrical goods, aerospace, HVAC manufacture and installation.

98% of stand space in the first hall has already been sold. Additionally, the second hall is now open to new companies keen to guarantee their presence. More names have been added to the list of exhibitors for Fastener Fair Turkey 2018; while many companies who make a consistent appearance at this event have already booked their stand space. Many others are participating for the first time.

Exhibitors in Focus

Fastener World Inc. (Booth: 1780) *Come visit us!*

Fastener World Inc, is a professional magazine publisher for fasteners, hardware, and industrial components industries. Dedicated to relevant industries for more than 30 years, Fastener World continues to play a vital role in helping industry professionals increase their brand awareness, strengthen presence in the global market, and establish partnership with int'l customers.

Highlighted products: *Fastener World Magazine, China Fastener World Magazine, Hardware & Fastener Components Magazine, Emerging Fastener Markets Magazine, and Fastener World Europe Edition.*

Website: www.fastener-world.com.tw / Email: foreign@fastener-world.com.tw

Taiwan RDP Ind Co., Ltd. (Booth: 1686)

Taiwan Rolling Die Plate (RDP) was established in 1981. It is one of the most professional manufacturer in the field of screw dies and a wide spectrum of thread rolling dies with over 38 years of successful management and operation. Taiwan RDP has developed a remarkable expertise and pioneered in general products for application in diverse industries.

Highlighted Product: Thread Rolling Die

Features: Having high quality materials and techniques to offer customers thread rolling dies for a variety of needs.

Purpose of exhibiting: To be able to understand the Turkish market and develop customers.

E-mail: taiwan_rdp@yahoo.com.tw; frances_taiyardp@163.com

Website: www.taiya-rdp.com

Unipack Equipment Co., Ltd. (Booth: 1736)

UNIPACK is a leading manufacturer and exporter of packaging system and automatic logistics system. We offer customized machines to all clients. The main purpose is saving time, labor and increasing productivity in work. We integrate exclusive and patented features into the machines and apply PLC control and user-friendly machine interface making the machines more user-friendly and reliable. With experience and professional skills, our machines are not only sold in the domestic market but also exported worldwide.

Highlighted Products:

Auto box/carton/plastic bag/KLT packaging system, whole plant logistics system, and automatic warehouse system.

E-mail: uni.pack@msa.hinet.net

Website: www.unipacks.com.tw

Cham Hung Enterprise Co., Ltd. (Booth: 1682)

Cham Hung Enterprise is a worldwide professional mould and die manufacturer which offers a wide range of related tools and products in all materials.

Highlighted Products:

- 1. Tungsten carbide products: tungsten carbide, punches, inserts, cutting blades and cutting dies for bolt & nut forming parts & tools**
- 2. Related products: Alloy Steel Tools, (Hex) Punch Pins, Die Pins, Trimming Dies, Fingers, K.O. Pins, Feeding Rollers, Rolling Dies, Springs, Rivets, etc.**

Features: Our products are widely used in single and multi-station formers to manufacture screws, nuts, automotive parts and other related parts.

Purpose of Exhibiting: We hope to gain more valuable clients with high potentials and increase our company's exposure at the exhibition. We believe Taiwan companies will be seen and verified by their professional skills and service.

Website: chamhung.strikingly.com
E-mail: cham.hung@msa.hinet.net

Pingood Enterprise Co., Ltd. (Booth: 1484)

Since 1982, Pingood has been specialized in mechanical plastic injection molded mini-parts and custom parts as well. It is ISO 9001, ISO14001 qualified and has 3 plants, 1 in Taiwan and 2 in China. It has more than 15,000 SKUs standard ready parts.

Highlighted Products:

Plastic fastener and hardware: nylon screw, nut, washer, snap rivet, mounting button, spacer support, wire clip/clamp/cable management.

Features:

Our in-house streamlined total solutions from toolings to mass production offer cost-effective products and reduce assembly cost. Green procurement of sources: Meet RoHS, Reach, Halogen-free. Environmentally friendly (Energy saving by using solar energy). Facilities (in-house tool shop, injection line, automated processing and packing dept.)

Website: www.pingood.com.tw / E-mail: sales@pingood.com.tw

Transway Enterprise Co., Ltd. (Booth: 1684)

Transway tools is a manufacturer in Taiwan specialized in producing screwdriver bits for industries and power bits for automotive industries and socket wrench sets. Transway uses best quality S2 and chrome vanadium steel from Taiwan's government-owned steel company and the best machinery to produce bits to ensure best quality. Any other special bits are also welcome.

Highlighted Products:

Screwdriver Bits, Socket Wrench Sets and Other Hand Tools

Tung Fang Accuracy Co., Ltd. (Booth: 1880)

Tung Fang Accuracy Co., Ltd. was established in 1995, specializing in producing and processing all kinds of punches, dies and spare parts. Tung Fang holds "Continuous R&D to Reach Excelsior" as its principle and service with reliable and credible attitude for many years.

Highlighted Products:

Punches, dies and spare parts

Features: Tung Fang Accuracy is specialized in manufacturing all kinds of punches and dies for over 20 years. These punches and dies are used for screws and nuts. We provide high quality and competitive prices. You can also choose from TiN, TiCN, TiAlCrN coatings for longer tool life.

Purpose of Exhibiting: To find more potential customers in export markets.

Website: www.punch-die.com / E-mail: tfa_6970693@yahoo.com.tw

Ray Fu Enterprise Co., Ltd. (Booth: 1335)

RAY FU, founded in 2000, is a professional exporter of all kinds of fasteners in Taiwan. Ray Fu specializes in construction products and automotive industry. Aiming at providing superior quality, Ray Fu is ISO 9001, ISO 14001, TS 16949, TAF, EN14592 and DIN EN 14566 certified to meet any customer demands.

Highlighted Products:

Self-drilling screws, drywall screws, chipboard screws, self-tapping screws, collated screws, window screws, concrete screws, decking screws, roofing screws, machine screws, automotive screws, bolts, nuts, and washers.

Features: Ray Fu is recognized for integrated production capability at its steel wire factory, which is equipped with a wire rod warehouse, spheroidizing annealing furnace, pickling surface equipment, wire drawing machines, and screw makers. With its own supply of raw materials, Ray Fu works with its customers to roll out high quality customized products.

Purpose of Exhibiting: Ray Fu travels around the world to boost global exposure and form partnership with worldwide businesses. Ray Fu believes that constant pursuit of excellence and continuous improvement are the key to success in meeting world standards.

Website: www.ray-fu.com / E-mail: export@ray-fu.com

Features: Best quality products made in Taiwan. S2 screwdriver bits and chrome vanadium steel socket wrenches and hand tools.

Purpose of Exhibiting: Looking for customers & partners in Turkey.

E-mail: transwaytools@yahoo.com.tw

Dahbin Enterprise Co., Ltd. (Booth: 1734)

Dahbin Enterprise Co., Ltd was established in 1987. We are a professional manufacturer of punches located in Kaohsiung, Taiwan. We have been in this industry for over three decades. Dahbin is dedicated to fulfilling all customer needs and provide maximum satisfaction.

Highlighted Products: Punches and Customized Products.

Features: We use the latest technologies such as computer lathes and CNC automatic grinding machines to manufacture various types of Punch, Insert, Stripper, Punch Pin, etc. We are specialized in customized products. We are able to customize all sorts of punch upon your request.

Purpose of Exhibiting: We look forward to meeting all the elite companies at the exhibition and to developing and maintaining a long-term relationship with all new customers.

Website: www.darbine.com / E-mail: minweisu@gmail.com

Diing Sen Fasteners Industrial Co., Ltd. (Booth: 1838)

The company was founded in 1984 and has already had 30 years of history. The main products are screws, bolts and special screws. It has a full line factory, producing high grade screws and selling them to the whole world.

Highlighted Products:

Screws, Bolts, Special Screws

Website: www.fastener-world.com.tw/lih-lin

E-mail: lihlin88@ms36.hinet.net

**San Yung Electric Heat Machine Co., Ltd. (Booth: 1634)**

San-Yung is the best mesh belt type continuous furnaces manufacturer for heat-treatment of fasteners in the world. Many fastener companies have furnace products made by San-Yung. San-Yung manufactures over 1000 sets of mesh belt type continuous furnaces. San-Yung owns the best experience in offering service to customers.

**Highlighted Products:**

Mesh belt type continuous bright carburizing (hardening) quenching furnace

Features:

San-Yung offers training courses and transfers heat-treatment technologies for clients to get the best quality of fasteners. The continuous furnaces can conform with CQI-9 certificate for automotive fasteners. The sales performance is the best guarantee for San-Yung's furnace quality!

Purpose of Exhibiting: San-Yung expects to serve more & more fastener companies and grow together with clients.

Website: www.sanyung.com E-mail: sales@sanyung.com

Chan Change Machinery Co., Ltd. (Booth: 1834)

Chan Change Machinery Co., Ltd. was founded in 1990 by our chairman Mr. Ching-Hung Ko and his co-founder Mr. Te-I Li. Chan Change is the manufacturer of popular screw heading machines. In addition to that, we also offer service for customized screw heading machines. Our screw heading machines are known for their quality, precision, and durability. We have been quite successful in earning customers' confidence and trust after all these years we have been devoting considerable time and cost to improve our product lines. Your prompt reply would be highly appreciated. We hope to serve you in no time.

**Highlighted Products:**

Screw heading machines

Features:

Chan Change developed Screw Heading Machine series with the dimension capability of 3~25mm, and the length of 25~300mm. All screw heading machines have been developed for years and tested to verify our improvement. The cutter of our cut-off system (HH-2440DL model or higher level) adopts fully surround cut that ensures the cross section edge is clean and perpendicular. The cutter slider is centered with the cutter rod, and further by accurate design, the cutter slider rod merges with the crank and fixes at the main gear without excessive spacing. The acme of K.O. is also acme of cutter slider, and it will result in a perfect and stable cutting process. Regarding adjustment, the orientation of the cutting plate doesn't require cushion. It is simple and easy to use.

Purpose of Exhibiting:

Having duly examined your situation, we are confident that our proposed services will effectively address your needs. Our unique ability to engineer customized technical matters and our successful record in exporting Screw Heading Machines worldwide and to the domestic market make us an invaluable partner in the fastener/screw market. We look forward to forming a mutually rewarding relationship with your company.

Website: www.chanchange.com.tw / E-mail: zh.corpor@gmail.com

Homn Reen Enterprise Co., Ltd. (Booth: 1482)

Homn Reen is a large-scale professional small screw manufacturer established in 1985. We are able to provide a variety of specialty and standard screws, as well as screws manufactured to customer's specifications. We demand stable quality, encourage innovation, and deliver prompt customer day-to-day service. In addition, our company has been awarded the ISO 9001 certificate. Homn Reen has established two fully integrated factories. The Taiwan-based factory is 20,000 square meters, and the Vietnam-based factory is 100,000 square meters. Our products are sold domestically and internationally, and we ship 21,000 metric tons of products on average annually. Homn Reen always exceeds the expectation of our customers in terms of quality and advancement. This has helped our company to become the leading small screw manufacturer in Taiwan.

**Highlighted Products:**

Self drilling screws, trilobular thread screws, furniture screws, bi-metal screws, collated screws

Win Chance Metal Co., Ltd. (Booth: E064, Hall 3.2)

Win Chance Metal Co., Ltd is a professional manufacturer specialized in "Ratchet Buckles, Cargo Lashing, Industrial Safety Harnesses, Carabiners, Hooks, OEM Forging Parts and Industrial Hardware", with over 20 years of professional experience. Providing superior quality and outstanding competitive prices is our main goal.

Highlighted Products:

Metal Hardware & Components, Car Accessories, Ratchet Buckles, Ratchet Tie Down, Straps, Fasteners, Bolts, Hooks, Shackles, etc.

Features:

Specialized OEM in

- * Wire Form Parts
- * Machined Hardware parts
- * Stamped & Pressed Parts
- * Forging, Cold Forging
- * Ratchet Buckles
- * Cam Buckles
- * Expertise in Ratchet Buckles, Hooks

Shin Jaan Works Co., Ltd. (Booth: C070, Hall 5.2)

Shin Jaan Works Co., Ltd. founded in 1974 is a factory located in Kaohsiung, Taiwan. The company spans 10,000 square feet on the outskirts of Kaohsiung. The company professionally designs, manufactures, and retails several products including IFI standard (Inch & Metric Sizes), DIN series, automotive parts and OEM parts as per prints and samples.

Highlighted Products:

DIN series 603/931/933/6921/inch size parts and OEM parts per sample and prints. 2nd process parts and different coatings. Only in carbon material.

Features: Main products on the market or customers's special items. Offering high quality products to increase clients' competitiveness.

Purpose of exhibiting: In just a few years we will be participating in the show again. We have done the European market for a long time. We hope buyers will have more chances to know Shin-Jaan again.

Website: www.shinjaan.com.tw / E-mail: samsjw@ms81.hinet.net

Jockey Bill Metal Industry Co., Ltd. (Booth: E052, Hall 5.2)

Jockey Bill Metal Industry Company owns 4 factories with over 20 years of experience in the stainless steel fasteners industry and supplies the domestic trading companies. To cope with more and more needs from our customers, we have set up an international department in 2015 and offer our professional service, good quality products and competitive

price to overseas customers. The good quality screws we have produced include wood, chipboard, concrete, self-drilling, hi-low, hex socket head cap, taptite and customized screws in various steel materials.

Highlighted Products:

Self-tapping Screws, Self-drilling Screws, Concrete Screws, Machine Screws, Chipboard Screws, Drywall Screws, Wood Screws, Torx Drive with Security, Special Screws, CNC Parts

**Taiwan Shan Yin International Co., Ltd. (Booth: A059, Hall 5.2)**

TAIWAN SHAN YIN has been operating for over 33 years, professionally manufacturing patented goods including automotive-fasteners, motorcycle-fasteners, and many kinds of customized fasteners. TAIWAN SHAN YIN has insisted on producing outstanding quality, win-win deals, on-time delivery follow-through and customer sales satisfaction. Basing ourselves on the top-tier standards, we have earned the reputation for being a "Top Quality & Top Design & Top Brand" in over 30 countries worldwide. We are here as a one-stop-only fastener supplier.

Always insisting on the highest level of quality control, we are proud to be one of the first manufacturers certified to ISO 9000, QS9000, ISO14001, AS8000 and CNLA. We are also approved by the ISO/TS16949 Technical Committee International Automotive Task Force. Our SKT fasteners series, for instance, have not only received successful intellectual property certifications, but are also practically functional.

Highlighted Product: SO-EZ Screw

Features:

Preferred products of TAIWAN SHAN YIN including elements of competitive advantages, environmental friendly, and accredited lab certifications. Our product standards for strength and durability such as nanometer-level coating product SKT Coating® fasteners used for housing and decking, automotive fasteners, motorcycle fasteners. To lead the trend rather than to follow in the worldwide fastener market, our supply chain integration has sharply increased our flexibility to best serve our customers.

Website: www.shanyin.com.tw / E-mail: Iriswang@shanyin.com.tw

Features: We have our own factories and materials; we can offer a very good price and short lead time. We not only produce standard fasteners, but also make special and customized screws.

Purpose of exhibiting: We welcome your challenging ideas for better product performance. Looking forward to working with you to develop new products.

Chirek Fastener Corp. (Booth: A60)

Highlighted Product

Bi-metal self-drilling screws:

- 300 series (18-8) stainless steel head and shank
- Different raw materials for drill points. Hardened carbon steel or SCM435 alloy steel.
- EPDM water-proof sealing washer is available
- Excellent anti-corrosivity in highly corrosive and coastal environment

Anti-corrosion self-drilling coating screws:

- Excellent SST performance after drilling
- No electric potential corrosion- Head shank drill points are all made of carbon steel
- No Hexavalent chromium
- 100% UV resistant
- Excellent anti-corrosion in class 3 and class 4 environment based on AS 2331.3.1 standard

Heavy structural bolts:

- Certificated quality- Manufacturing process is done in Taiwan. Raw material and inspection are also done in Taiwan. Third-party certification is available when requested.
- Customized anti-corrosion coating – HDG, zinc-plated, mechanically galvanization, Zinc-chromate coating and Epoxy.
- Short lead time- Chirek has 5000m³ warehousing system with a wide variety of heavy structural bolts in stock in Taiwan. We have ASTM A325, ASTM F1852, ASTM F2280, ASTM A490, JIS B1186 F10T, JII09 S10T, DIN 912, DIN7991, DIN6921, 4.8/6.8/8.8/10.9/12.9 grade hex bolts in • DIN931/933.
- Customized packaging- Carton box, bag, drum/barrel, wooden pallet and crate.

Others: Stainless steel screws/bolts, anchors, nuts and washers

Fastener Fair Maxico June 20 - 21, 2018

After three successful editions in Mexico City, Fastener Fair Mexico will move to Guadalajara, looking to better serve the Mexican marketplace in need of industrial fasteners and fixing solutions. Fastener Fair Mexico 2018 will be held on June 20-21 at Expo Guadalajara.

According to ProMexico, market opportunities in the State of Jalisco involve major manufacturers in key industries, including: Aerospace, Automotive, Medical Devices, Electrical/Electronics, Household Appliances, Infrastructure/ Construction, IT and Mining.

“We produce Fastener Fair in seven countries and this will be the first time we bring this event to Guadalajara, a city full of opportunities,” said Melissa Magestro, Executive VP of Mack Brooks Exhibitions Inc., organizer of the event. “We are expecting to attract over 2,000 industrial fastener buyers, engineers and distributors. It is a great opportunity to connect with fastener buyers and distributors at Latin America’s only dedicated industrial fastener exhibition.”

Fastener Fair Mexico 2017 was attended by over 2,225 top decision-makers from Mexican manufacturing industries such as automotive, aerospace, construction, mechanical, and consumer electronics along with fastener distributors and wholesalers.
