

Fastener World's Global Hardware & Tools Exhibitions **2020**

Calendar *compiled by Fastener World* 滙達全球五金暨手工工具展參展計畫

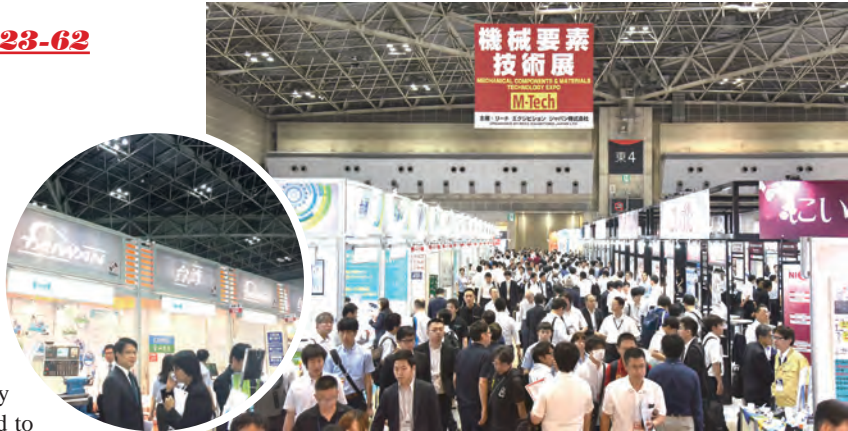

2/26-28 ***Fastener World at: Hall 4, 23-62***

M-TECH TOKYO

日本東京機械要素技術展

Venue: Makuhari Messe, Japan

Mechanical Components & Materials Technology Expo [M-Tech] is an exhibition gathering all kinds of mechanical parts such as bearings, fasteners, mechanical springs, metal and plastic processing technology. M-Tech attracts a significant number of professionals every year from design, development, manufacturing, production engineering, purchasing and quality control departments, to conduct lively business discussions with exhibitors. The 2020 show is expected to bring together 2,300 exhibitors and 80,000 professional visitors!

3/01-04

Fastener World at: P007, Passage 3-11

INTERNATIONAL HARDWARE FAIR COLOGNE

德國科隆五金展

Venue: Koelnmesse, Fair Grounds, Köln-Deutz

Applications have been received from 49 countries, with 70 percent of the exhibitors coming from abroad – and more are expected. New concepts will also be featured: In addition to the further developed DIY Boulevard, eCommerce and Start-Up formats, changes have also been made to the space allocation. In order to further promote the growth of EISENWARENMESSE - International Hardware Fair Cologne, Hall 11 has now been added to the fair.

Interest from foreign companies has also been high during the initial registration phase. Along with the usual strong representation from Asia, the U.S., Spain and the Netherlands will especially be present. This first result underscores the international significance of the EISENWARENMESSE - International Hardware Fair Cologne as a network and business platform for the hardware industry.

In order to promote the growth of the trade fair, Hall 11 with a total area of more than 31,000 square meters will also be used for EISENWARENMESSE – International Hardware Fair Cologne 2020. This means more space for even more hardware concepts and clearer clustering by segment on the entire exhibition area. In the new Hall 11.1, DIY exhibitors will present themselves around the DIY Boulevard (formerly Hall 5.1) and exhibitors in the field of fastener and fixing technology sector and tool suppliers will be on level 11.2. This way, existing exhibitors can also be given the chance of having their request for larger stands met. The central event stage of the EISENForum will also move to Hall 11.

3/12-15

Istanbul Hardware Fair

土耳其五金展

Venue: Istanbul Fair Center (IFM)

“We have experienced a fruitful and effective organization as if being held for many years.”

“The fair pinpointed our target market.”

“If this fair will continue to grow at the same pace, it would become a world-class expo soon.”

“The visitors were made up of people with the highest standards of business ethics and eager to transact immediate business.”

These are some of the testimonials of the participating companies to the 3rd edition of Istanbul International Hardware Fair, which was organized on March 14 - 17, 2019 at the Istanbul Expo Center, Hall 9-10. The Istanbul International Hardware Fair once again prognosticated of being a milestone in the Turkish hardware industry and achieved to entitle the internationality degree only after the second edition. Istanbul International Hardware Fair is a commercial arena participated by a total of 137 participants (growth by 30%, 104 in 2018), 128 domestic (growth by 30%, 99 in 2018) and 9 foreign (growth by 80%, 5 in 2018), and visited by 9,215 visitors as the only event specialized in hardware and tools in Turkey. The next International Istanbul Hardware Fair is ready to get started on March 12 – 15, 2020 at the same venue and fully booked.

The desire of Turkish hardware producers in increasing their quality, becoming a brand and getting acquainted with new markets and Voli Fuar’s success in specialized fairs played a major role in the enthusiasm of the sector in the fair. Istanbul International Hardware Fair was supported by sector leaders.

• The International Istanbul Hardware Fair enlarges even more

The International Istanbul Hardware Fair has already got its internationality license only in the second year and keeps enlarging. The fair which was held in one hall (Hall 11) in the first edition, was held in two halls in the second edition in Halls 9 and 10. The expo was held in complete 2 halls. Whereas the international participants doubled with 16 (2019:8), domestic participants increased by 25% with about 150 exhibiting companies compared to 2019.

• 9,215 visitors from 65 countries and all over Turkey

The International Istanbul Hardware Fair, which hosted a total of 8,584 visitors during 4 days, closed the event with an organization that left its mark on the sector. Visitors from 65 (2018:56) countries came to the fair and there was also heavy participation from domestic cities.

• The fair prepared the groundwork for important cooperation that will improve the sector

By hosting a large number of guests (both national and international), the International Istanbul Hardware Fair brought together producers, importers, vendors and consumers and was also attended by special procurement delegations of the Bursa Chamber of Hardware Dealers, Aydin Chamber of Commerce, Chamber of Bartin Metalware Industry as well as Manisa Maged. The fair brought procurement delegations and participants together, to prepare the groundwork for important business cooperation to help develop the sector.

• All stakeholders came together at the fair

The producers, consumers, buyers and implementers along with foreign and domestic representatives.... in short, all members of the sector came together, at the International Istanbul Hardware Fair. The International Istanbul Hardware Fair gave participants an unforgettable experience through informative presentations and activities, entertaining stand shows and live performances by participant companies. Over 100 participants, who exhibited top product groups in many different fields such as electrical hand tools, mechanical hand tools, safety products, abrasives, machines, etc. commenced the new season with an exciting start.

10/07-09

M-TECH OSAKA

日本大阪機械要素技術展

Venue: INTEX Osaka

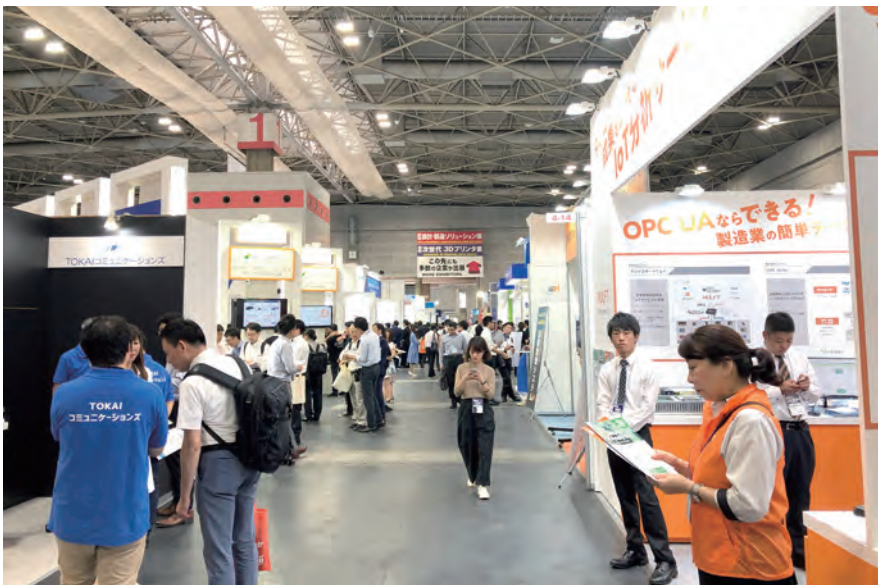

The 23rd Manufacturing World Osaka will be held on Oct 7 (Wed)-9 (Fri), 2020 at INTEX Osaka, Japan, organised by Reed Exhibitions Japan Ltd.- the largest trade show organiser in Japan. As the western Japan's largest manufacturing B2B trade show, The 2020 show is expected to have 1,500 exhibitors and 45,000 visitors. 1. See the latest industry's products and solutions
2. West Japan's largest show with 1,500 exhibitors
3. Close to famous tourist attraction spots
4. Enjoy Japanese extraordinary hospitality

<The 2020 Show consists of the following 6 shows>

- **23rd Mechanical Components & Materials Technology Expo [M-Tech Osaka]**
- Specialised in mechanical parts/processing technologies, etc.
- **23rd Design Engineering & Manufacturing Solutions Expo [DMS Osaka]**
- Specialised in manufacturing industrial IT solutions & technologies, etc.
- **5th Factory Facilities & Equipment Expo Nagoya**
- Specialised in products/equipment for factory improvement & maintenance.
- **3rd Industrial AI/IoT Expo Osaka [AIoTex Osaka]**
- Specialised in "AI/IoT" products & solutions for manufacturing industry .
- **2nd Advanced 3D Printing Expo Osaka [AM Japan Osaka]**
- Specialised in 3D printing technologies & additive manufacturing.
- **1st Measure/Test/Sensor Expo [MeasureTech]**
- Specialised in measuring equipment, inspection equipment, and sensors.

In addition to many Japanese companies, Manufacturing World Osaka also gathers manufacturing companies from other parts of the world. There were 1,367 exhibitors, including 329 international exhibitors participating in 2018. Regional pavilions from mainland China, Taiwan, South Korea, Thailand and Vietnam were part of the attraction in the previous show. We expect a record breaking of 1,350 exhibitors from all over the world this year! We are looking forward to your visit!

4/15-17

M-TECH NAGOYA
日本名古屋機械要素技術展

Venue: Portmesse Nagoya

M-Tech Nagoya 2020 is Asia's leading exhibition gathering all kinds of mechanical components and processing technologies. It is held in the middle of Japan's Manufacturing Cluster-Nagoya. Nagoya is also the area with the largest number of factories in Japan. Heavy industries such as aviation, automobile and machine tools are also flourishing here. Many world-famous Japanese enterprise headquarters are also set up here.

You can see many "Made in Japan" precision products and processing technologies at "M-Tech Nagoya" that cannot be seen elsewhere. One eye-witness is better than hundred hearsays! Come and feel the manufacturing industry's forefront.

6/17-20

KOREA METAL WEEK
韓國工業大展 (韓國首爾金屬週)

Venue: Hall 2-3, Exhibition Center 1, KINTEX

On a total area of 21,546 square meters, Korea Metal Week 2020 will be held from June 17(Wed.) to 20(Sat.) at Hall 2-3, Exhibition Center 1, KINTEX in Goyang City, S. Korea.

Various exhibits shown below will be exhibited at "Fastener & Wire".

- Bolt / Nut Products & Equipment
- Automobile Parts / Fastening Products & Subsidiary Materials
- Wire Production & Manufacturing

Also, it will be concurrently held with Press & Forging, Tools, Automobile & Machine Parts, Tube & Pipe, 3D Technology, Foundry & Die Casting, Fundamental Manufacturing Industry, Aluminum, Metal Surface Treatment & Painting, Laser & Welding, Pump Technology, Composite, Control, Measurement and Automation.

In Korea Metal Week 2019, Foundation of Korea Automotive Parts Industry Promotion organized a seminar on quality certification of Hyundai-Kia Automobile and relevant technologies.

Specially in celebration of 30-year anniversary, organizer and Korea Federation of Fastener Industry Cooperatives co-organized a 30-year anniversary event on June 19 (Wed.) at VIP Lounge. At this event, 9 members were honored with appreciation plaques and achievement plaques. Also, all the fastener businessmen enjoyed the gala show and broadening networking with one another.

With the subtitle 'New Materials and Metal Working for Manufacturing Improvement', Korea Metal Week 2020 will invite experts of global automobile companies such as Mercedes-Benz, BMW, Volkswagen, etc as keynote speakers. Also, through group invitation of their purchase department, the match-making service will be provided to the exhibitors for business meetings.

Although Korea is not a big market in Asia, Korea Metal Week is the best marketing place to see the trend of the latest technologies in the relevant industries. Moreover, the organizer will provide pre-registered overseas buyers with benefits of accommodation and flight. For more information on participation in Korea Metal Week 2020, feel free to contact the organizer: www.korea-metal.com
