## A Comprehensive Overview of the Fastener and Fixing Industry

Fastener Fair Italy 2026 will once again provide visitors with a comprehensive and highly focused overview of the fastener and fixing industry. The exhibition will showcase solutions across the entire value chain, from high-performance industrial and construction fasteners engineered for demanding applications to advanced assembly and installation systems that enhance precision, speed and repeatability.

Visitors will also have the opportunity to explore the latest fastener manufacturing technologies, including production machinery, quality testing and surface treatments, as well as intelligent storage, distribution and factory equipment solutions designed to optimise operational performance, compliance and traceability. The event provides a unique platform to discover innovations first-hand, compare technologies and connect with industry experts.

Applications are wide-ranging, spanning construction, automotive, mechanical engineering and industrial manufacturing sectors. Visitors will gain a comprehensive overview of reliable fastening and fixing solutions designed to enhance efficiency, support maintenance processes and ensure consistent performance across diverse operational environments.

## Visitor Information and Opening Hours

Fastener Fair Italy 2026 will take place from 24 to 25 June 2026 at CityLife – Allianz MiCo. Opening hours are from 9.00 am to 5.00 pm on both exhibition days.
